**1. All individuals reviewing this application are required under 35 USC 181 to sign and date this form regardless of whether they are making a secrecy order recommendation.**

**1. The attached copy of the application, any copies made therefrom and this form must be returned to the PTO once a recommendation not to impose secrecy has been made or a secrecy order has been rescinded.**

**Time for Completion of Review:**

Pursuant to 35 U.S.C. 184, the subject matter of this application may be filed in a foreign country for the purpose of filing a patent application without a license any time after the expiration of 6 months from filing date unless the application becomes the subject of a secrecy order.

1. The 100 children were immunized 15 months from the date of birth, and the date of the 1971-72 survey was the date of the immunization program in a well-defined geographical area. A 100% survey was conducted in 1971, and more than 90% immunization in 1972. The area was the same as compared to 1969-70. The definition of the area and the immunization 15 months program during January 1969 was later the same. Data reported in 1971 was 100% (1969-70 was 97.0%) and in 1972 was 97.0% (1971-72 was 97.0%). The number of children immunized in 1971-72 was 1,450 (1970-71 was 1,450).
